

EC1451

Dichtung
für
Prozess- und Dialoggeräte
PDM 360

Technische Daten

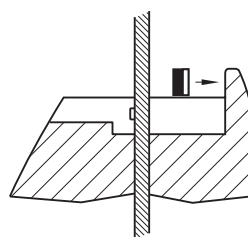

Material

Zellkautschuk EPDM (schwarz)
einseitig mit Polyesterfolie beschichtet

Materialstärke

2 mm

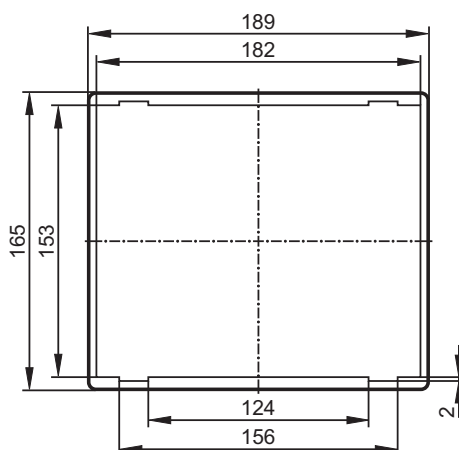

Ausrichtung der Dichtung

Die Polyesterfolie liegt
auf dem Dialoggerät

EC1451

Sealing
for
process and dialogue
modules
PDM 360

Technical data

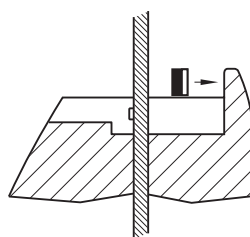

Material

cellular rubber EPDM (black)
coated with polyester film on one side

Thickness

2 mm

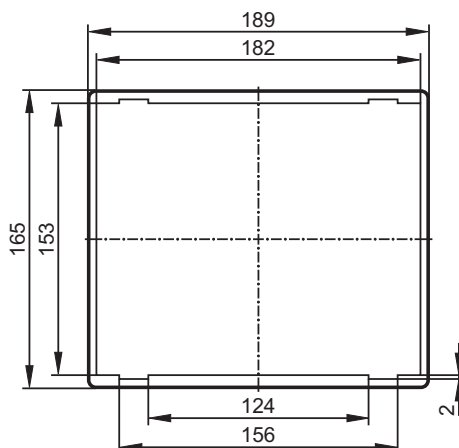

Alignment of the sealing

the polyester film is on
the dialogue unit

EC1451

Joint d'étanchéité
pour
les unités de traitement
et de dialogue
PDM360
