Stack light solid light element
VAZ-LAMP-70MM-RD

- Modular design
- Flexible combination of signal elements
- Bayonet system for simple mounting and dismounting
- 70-mm-series

Stack light solid light element, red

Function

The element lights using an incandescent, low-cost bulb. It has been designed and tested according to EN 60947-5-1.
It is available in a variety of colors and is easy to fit into the corresponding connection element by means of a bayonet system. Its modular design permits any combinations and has reduced operating and storage costs.
