

Resistance Thermometer for Cold Junction Compensation

H-CJC-SP-8

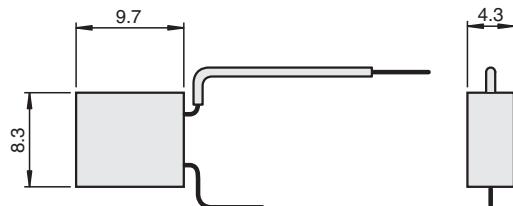

- For Cold Junction Compensation of HiD2082
- For H-System Termination Boards
- For terminal blocks with spring terminals
- For terminal blocks with pluggable screw terminals
- Packaging unit: 8 pieces

Resistance thermometer for cold junction compensation for H-System termination boards

Function

The resistance thermometer is suitable for H-System applications. The wires of the resistance thermometer are bended for usage of terminal blocks with spring terminals on the field side of the Termination Board. The resistance thermometer is available as an optional accessory.

Dimensions

Technical Data

Release date: 2023-01-04 Date of issue: 2023-01-04 Filename: 244229_eng.pdf

General specifications

Type	resistance thermometer (RTD) Cu109
------	------------------------------------

Electrical specifications

Resistor	109 Ω
----------	-------

Mechanical specifications

Mass	approx. 3 g
Dimensions	8.3 x 9.7 x 4.3 mm (0.33 x 0.38 x 0.17 inch)
