

### Model Number

**PGV33M-CB19-GN**

PGV color-tape green

### Features

- Self-adhesive mounting
- High mechanical stability

### Technical data

#### General specifications

|                   |                     |
|-------------------|---------------------|
| Length            | 33 m                |
| Width             | 19 mm               |
| External diameter | 80 mm               |
| Inside diameter   | 25 mm ( role core ) |
| Color             | green               |

#### Ambient conditions

|                          |                               |
|--------------------------|-------------------------------|
| Operating temperature    | -5 ... 70 °C (23 ... 158 °F)  |
| Storage temperature      | 12 ... 25 °C (53.6 ... 77 °F) |
| Installation temperature | 0 ... 40 °C (32 ... 104 °F)   |
| Environmental resistance | UV radiation<br>Humidity      |

#### Mechanical specifications

|                               |                                                                        |
|-------------------------------|------------------------------------------------------------------------|
| Material thickness            | 130 µm                                                                 |
| Material                      | PVC                                                                    |
| Thermal expansion coefficient | 180 %                                                                  |
| Tensile strength              | 28 N/cm                                                                |
| Adhesive strength             | Average values (FTM2)<br>Steel : 2.4 N / 10 mm<br>Self : 2.1 N / 25 mm |
