

### Model Number

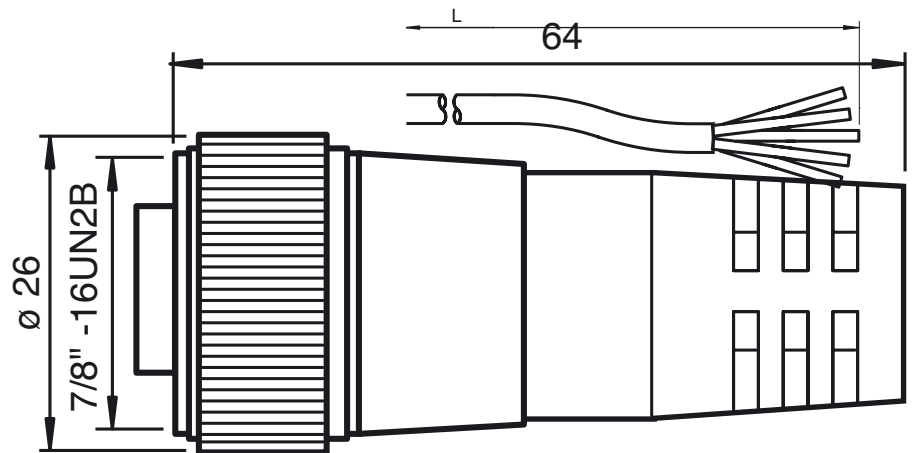

**V95-G-YE10M-PVC-22**

Female cordset, 7/8" - 16 UNF, 5-pin,  
PVC cable

### Features

- Thread 7/8 inch
- Immunity to vibration

### Dimensions

### Technical data

#### General specifications

|                     |           |
|---------------------|-----------|
| Number of pins      | 5         |
| Connection 1        | socket    |
| Construction type 1 | straight  |
| Threading 1         | 7/8 inch  |
| Connection 2        | cable end |

#### Electrical specifications

|                   |       |            |
|-------------------|-------|------------|
| Operating voltage | $U_B$ | max. 300 V |
| Operating current | $I_B$ | max. 4 A   |

#### Ambient conditions

|                     |                                 |
|---------------------|---------------------------------|
| Ambient temperature | -25 ... 105 °C (-13 ... 221 °F) |
| Pollution degree    | 3                               |

#### Mechanical specifications

|                      |                          |
|----------------------|--------------------------|
| Degree of protection | IP68                     |
| Material             |                          |
| Contacts             | gold plated copper alloy |
| Body                 | PVC                      |
| Cable                | PVC                      |
| Slotted nut          | nickel-plated brass      |
| Cable                | fine-strand, flexible    |
| Sheath diameter      | Ø 5.7 mm                 |
| Color                | yellow                   |
| Cores                | 5 x 0.34 mm <sup>2</sup> |
| Length               | L 10 m                   |

### Electrical connection
