

Flange

GFL 394-m

GFL 394-m

Flange

Productnumber: 07239401

Dimensions: 243 x 88 x 28 mm

Flange "metric" equipped, 2 x flange connectors (GFV)

with 30x KVR M16 (unequipped)

Technical Data

electrical characteristics

Type of protection:	IP65
Protection type UL:	not specified

Colours

Accessory colour:	light grey
-------------------	------------

Dimensions

Width:	243 mm
Length:	88 mm
Height:	28 mm

Material characteristics

suitable for exterior use:	no
----------------------------	----

Material characteristics

Industry quality:	yes
-------------------	-----

mechanical properties

with cable restraint:	no
-----------------------	----

Material

Accessory material:	Polycarbonate, glass-fibre reinforced
---------------------	---------------------------------------
