# P1PH604

Part Number

- Condition monitoring
- IO-Link 1.1
- Low switching distance deviation for black/white
- Reliably detect objects against any background

The reflex sensor with background suppression works with red light according to the angle measurement principle and is designed to detect objects against any background. The sensor always has the same switching distance, regardless of the color, shape and surface of the objects. The sensor detects minimal height differences and, for example, differentiates reliably various parts from each other. The IO-Link interface can be used to configure the reflex sensors (PNP/NPN, NC/NO, switching distance), as well as for reading out switching statuses and distance values.

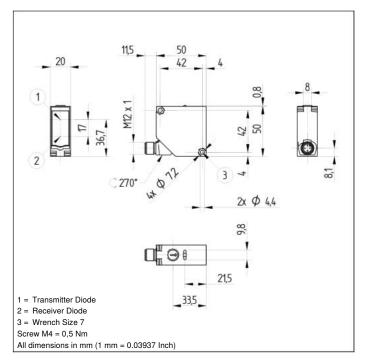

| Optical Data                                 |                |  |  |
|--|----------------|--|--|
| Range  | 1200 mm        |  |  |
| Adjustable Range                             | 1001200 mm     |  |  |
| Switching Hysteresis                         | < 5 %          |  |  |
| Light Source                                 | Red Light      |  |  |
| Service Life (T = +25 °C)                    | 100000 h       |  |  |
| Max. Ambient Light                           | 10000 Lux      |  |  |
| Light Spot Diameter                          | see Table 1    |  |  |
| Electrical Data                              |                |  |  |
| Supply Voltage                               | 1530 V DC      |  |  |
| Supply Voltage with IO-Link                  | 1830 V DC      |  |  |
| Current Consumption (Ub = 24 V)              | < 20 mA        |  |  |
| Switching Frequency                          | 600 Hz         |  |  |
| Switching Frequency (interference-free mode) | 400 Hz         |  |  |
| Response Time                                | 1,5 ms         |  |  |
| Response time (interference-free mode)       | 2 ms           |  |  |
| Temperature Drift                            | < 6 %          |  |  |
| Temperature Range                            | -4060 °C       |  |  |
| Switching Output Voltage Drop                | < 2 V          |  |  |
| Switching Output/Switching Current           | 100 mA         |  |  |
| Short Circuit Protection                     | yes            |  |  |
