

LED Indicator Set

for safety field height of 1662 mm

Z99G011

Part Number

Technical Data

Optical Data

Light Source	RGBW
--------------	------

Electrical Data

Supply Voltage	20,4...28,8 V DC
----------------	------------------

Temperature Range	0...55 °C
-------------------	-----------

Power	24 W
-------	------

Mechanical Data

Brightness setting	4 levels
--------------------	----------

Degree of Protection	IP20
----------------------	------

LED indicator	for safety field height of 1662 mm
---------------	------------------------------------

- Avoidance of inadvertent ESPE resolution settings
- Quick identification of ESPE operating states
- Visualization of operating states in different colors

The LED indicators indicate the operating states of SEFG safety light curtains and SEFB multi-light arrays in color. Depending on the utilized signal output, users can choose between four colors (RGBW) and select the desired light intensity. The setting is entered via the connection unit.
