

Mounting Tube with InoxLock

ZMRII0101

Part Number

 **wenglor**
the innovative family

InoxSens

Technical Data

Mechanical Data

Material	Stainless steel 316L	
Material Sealing	Silicone (FDA)	
Tube Length (L)	119 mm	
Degree of Protection	IP68/IP69K	
with threaded cable gland IP68/IP69K	yes	
For cable diameter	3...6,5 mm	
Packaging unit	1 Piece	
Hygienic Design		
Detergent resistant		
Mounting Number	490	500
Suitable Mounting Technology No.	140	

- **Hygienic design makes it easy to clean**
- **Made with food safe materials that are FDA approved**
- **Resistant to cleaning agents**
- **Waterproof (IP68/IP69K)**

All dimensions in mm (1 mm = 0.03937 Inch)

 14

Suitable for straight cables.

InoxSens is the hygiene series from wenglor. The InoxSens mounting tubes are also part of this complete system, which is seamlessly integrated into the machine. The stainless steel tubes made of V4A (1.4404/316L) are corrosion-free and resistant to cleaning agents, and they provide IP68/IP69K protection for all standard connector cables. The mounting tubes are available in straight and angled versions, as well as with threaded cable gland IP69K. The InoxLock set is also available separately for assembly by the customer.
