The collar provides the label with effective scratch protection.
Elastic and flexible shape.
Can be used together with Trasp ™ Character Strips, TMB and LMB Labels.

Technical data

Material:	Available in PVC and as halogen free Polyuretan
Operating temperature:	PVC: -15°C to +70°C
	Halogen free: -15°C to +70°C
Colour:	Transparent
Flame retardant:	UL-94 V0

Mounting:

Thread the collars on the cables.

Other product data:

ETIM Classification:	EC001288

Advantages:

Available in PVC or as Halogenfree Polyuretan.
Protects the marking from scratches.
Different sizes available.
Flexible combinations.
