Standard stainless steel marking on site.
FLEXIMARK® NM holders for cable, pipe and component marking.
FLEXIMARK® M holders for component marking.
Stainless steel high quality material (SS2348, AISI-316L).
For indoor and outdoor demanding aggressive environment.
Used together with FLEXIMARK® Stainless steel cable ties.
Embossed with different characters.
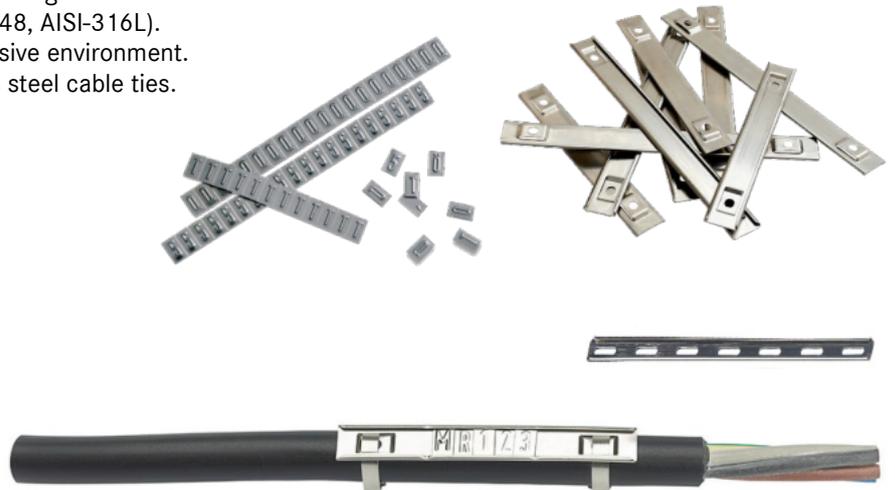

Technical data FLEXIMARK® Character strips MR 10-20 :

Material:	Stainless steel according to EN 1.4404 (SS2348, AISI-316L)
Temperature range:	≤500°C
Approval:	Achilles JQS
Characters available:	A-Ö Ü Æ 0-9 ˜ + - / . : , x ⌀ arrow earth blank
Russian characters available:	А Б В Г Д Е Ж З И Й К Л М Н О П Р С Т У Ф Х Ц Ч Ш Щ Ы Ь Э Ю Я
Size one character marker:	6 x 9,5 mm
Character height:	6,8 mm
Embossing:	Convex
Package:	200 characters/PU (10 strips à 20 characters on each strip)

Technical data FLEXIMARK® Character holders NM

Material:	Stainless steel according to EN 1.4404 (SS2348, AISI-316L)
Temperature range:	-80°C up to +539°C
Approval:	Achilles JQS
Screw holes:	3 mm
Package:	50 pcs/PU

Technical data FLEXIMARK® Character holders M

Material:	Stainless steel according to EN 1.4404 (SS2348, AISI-316L)
Temperature range:	-80°C up to +539°C
Approval:	Achilles JQS
Package:	50 pcs/PU

Delivery:

FLEXIMARK® Stainless steel holders are delivered in a package with 50 holders in each package.

The FLEXIMARK® Stainless steel characters are delivered in a package with 10 strips, where 1 strip has 20 characters. One PU consists of 10 strips, totally 200 characters.

Mounting:

FLEXIMARK® Stainless steel NM-holders are mounted together with FLEXIMARK® Stainless steel characters. Together with FLEXIMARK® Stainless steel cable ties and FLEXIMARK® Cable tie plier HT-338 they are mounted on the cable or pipe.
(All articles available in our assortment)
Mounting FLEXIMARK® Stainless steel M- holder are used for component marking and mounted together with screws.

Other product data:

ETIM Classification: EC001288

Advantages:

Durable marking for aggressive environment.
Easy and fast mounting together with FLEXIMARK® Stainless steel cable ties and FLEIXMARK® Cable tie plier.
High quality stainless steel material (SS2348, AISI-316L).
Chemical resistance.
Cable marking for indoor and outdoor marking.
Aggressive and demanding environment.
Delivered embossed, ready to mount on site.
Convex characters makes it easy to reach even when painted.
Break markings on FLEXIMARK® Character strips makes the mounting in FLEXIMARK® Stainless steel holders easy.

Related products:

FLEXIMARK® Stainless steel cable ties LS and FLEXIMARK® Stainless steel cable ties LSC with polyester coating are available in different lengths. The material has the same good quality as the FLEXIMARK® Stainless steel marking (SS2348, AISI-316L).

For easier and more efficient mounting we recommend the FLEXIMARK® Cable tie plier HT-338. This tool automatically tightens and cuts stainless steel ties, coated and uncoated. It can handle cable ties in widths up to 7,9mm and thickness up to 0,3mm.
